Regarding Text Books

Dear Parents,

Greetings from South City International School!

We are glad to inform you that all the books are being organized in school. Due to the relaxation in movement, our book distributor Mr. Kundu, has managed to come to school with his team taking care of safety and sanitation. They are organizing the books and keeping the sets ready. Students who stay in the towers will be informed in the next few days about the schedule to collect the books from school in a systematic manner. Other parents will also be getting the books, once we get proper permission from the police, as we are working on the book distribution.

Let's hope for the best!

Stay Safe. Stay Home.

Warm regards,

John Andrew Bagul
Principal
