

11th May, 2020

Dear Parents,

Greetings from South City International School!

It has been more than a month now that online classes have started. We understand that it is essential for the students to take a break from virtual classes and take time off screen. Therefore, the schools have declared summer break in between online classes, as published in the Telegraph on 7th May, 2020.

Since all the children are at home, we are reducing the summer vacation by one week. Instead of starting from 16th May, 2020, our summer vacation will now start from 25th May, 2020.

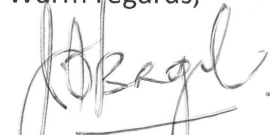

We do understand that in the absence of domestic help, it becomes too hectic for the parents to manage the household chores, child's online education, taking care of the family, seeing to their professional jobs from home etc. Through this break, the children will also get to spend more time with the parents, specially who have both parents working. It will help the children to hone their skills and imbibe family values.

We hope we will be able to arrange for the distribution of books by the time the children come back from vacation. This break will also give them time to go through all the projects and everything that they have learnt online.

The students would be getting work and projects during this vacation, so that they keep themselves busy.

We wish you all a safe home stay.

Warm regards,

John Andrew Bagul
Principal
