Dear Parents,

Greetings from South City International School!

As the world is coping with an unknown and sudden attack of the corona virus everybody is at a loss trying to bring some normalcy in the situation that we are in and do our best. We at South City International School under have already started taking steps to cope with the situation.

Our school website has been loaded with worksheets and student material of all levels of Pre School are benefitting from it.

Teachers are in constant touch with the parents and exchange of work is going on even on whatsapp.

All parents have downloaded the zoom app from playstore to enable teaching learning online and have had a successful class starting on the 1st of April, 2020.

Syllabus for Tiny Tots, Foundation and Preparatory has been uploaded on the website. Please follow the link <http://scis.co.in/worksheet.php>

Since our Pre Primary School does not use textbooks, teachers are using various creative teaching aids for introductory lessons keeping learning fun and interesting.

All parents are requested to visit the school website regularly for detailed update of work and other information.

We know it is a tough time for all of you too but with your support, together we can come out of it . All we need to do is to follow guidelines given by the government regarding the safety and to comply with school directives for the betterment of your wards.

We are sharing some links, received from different Institutions/Organisations that might be useful for all.
