

From the Principal's Desk :

John Andrew Bagul

M.Sc. B.Ed.

17th March, 2021

To
The Parents of Pre-Primary School, Primary School and Middle School

Dear Parents,

Greetings from the Principal's desk!

"The Only Constant in Life Is Change", wise words by Heraclitus, the famous ancient Greek philosopher. These words have formed the crux for all of us living through this extraordinary year of COVID-19 and the pandemic. Our students have certainly been adapting along with all of you and our teachers to the new normal of the virtual world, with the online education.

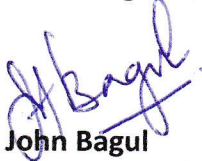

As we now enter into the new academic session, 2021-2022, our SCIS team feels that due to so many changes in the past year, we would like to keep a few parameters constant. I am referring to the yearly shuffling of students which we have been doing faithfully over the past 12 years. However, as our students have not been to school physically, to experience the joys of meeting their friends, sharing their tiffins, playing together along with the regular school dynamics, we have decided **NOT TO SHUFFLE** the students, upto class VIII.

However, students moving from Preparatory to Class I and students moving from Class V to class VI would have to be shuffled due to the segregation based on the language options in Primary and in Secondary School.

We hope and pray that if all goes well, we would certainly love to see our children in school. We do want our students to strengthen their online friendship with their classmates during this extra ordinary year, once all schools reopen across the State.

On behalf of the SCIS family, I warmly wish each and everyone a happy session break. We sincerely welcome our students back for online classes from the 7th of April, 2021.

Warm regards,

John Bagul
Principal
